Exploring ways to reduce poverty

Join us

We would love to hear your ideas. We're looking for local insights to feed into an ongoing national conversation about how we can tackle poverty at local and national levels.

These one-day workshops are part of a series sparked by the national *TacklingPovertyNZ* workshop held in December 2015, an initiative of the McGuinness Institute in collaboration with the New Zealand Treasury.

The Workshops

The workshops will be opened by Far North District Council Mayor Hon John Carter QSO. New Zealand Treasury's Chief Economist Dr Girol Karacaoglu and other speakers will set the scene in the morning.

In the afternoon, we'll investigate and workshop the challenges and opportunities facing the district. The goal is to come up with local solutions, which will be presented to the wider community later in the evening. Far North District Council Mayor Hon John Carter QSO and others will be speaking at the two public presentations.

Special thanks
